2006 October Quarterly Report

Please be advised that we are submitting an amended 2006 October Quarterly Report which was originally due October 15, 2006.

While in the process of submitting a 48-Hour report this past weekend, we discovered an administrative error had occurred. While using the computerized reporting feature of the Aristotle software program, we had unintentionally set the itemization threshold for the original 2006 October Quarterly report at \$1,000 instead of the \$200 limit required for quarterly reporting. As a result of this error, the original report did not disclose individual contributors whose cumulative contributions for the election cycle exceeded \$200 but were less than \$1,000 or disbursements to vendors where cumulative expenditures exceeded \$200 but were less than \$1,000 for the election cycle.

As a result of this discovery, we are immediately amending the 2006 October Quarterly report to properly disclose all required information.

Sincerely,  
Gwen D. Lang  
Treasurer
